

Discipling New Believers – Leader's Guide

- 1. What are the 2 main things we should teach new believers? (We should teach them how to pray and to read the Bible.)**
- 2. What does the video suggest we should do after we read a Bible story or passage? (We should have people retell the story or the meaning of the passage in their own words.)**
- 3. What 3 questions should we ask when we read a Bible passage? (1.) Who is God or Who is Jesus? 2.) Who is man? 3.) So what?)**
- 4. What are some questions we can ask ourselves when trying to apply a Bible passage to our lives? (Is there an example for us to follow? Is there a command we need to obey? Is there a promise we need to grab onto?)**
- 5. What do we learn about Jesus in the story of the calling of the first disciples? (Jesus is a leader. He wants people to follow him. He's attractive and trustworthy. He changes people's lives and gives them new purpose. Jesus wants us to fish for people.)**
- 6. Describe the disciples' response to Jesus' invitation. (They respond right away. They make a huge life change! They leave behind their business and family relationships. There is a cost to following him.)**
- 7. What are some ways we can apply this story to our lives? (Jesus is calling us too! Following Jesus will cost us something; we may have to leave something behind. Jesus will give us new purpose. We will learn to fish for people as the disciples did.)**
